In 1990, Phyllis D'Autrechy, compiled an index for vol. I-1 thru XI-3; pages i thru 150. Several years later, Carol Errickson electronically re-compiled the same pages and made a book containing those pages (i-150). Carol then added to the compilation to include vol. XI-1 thru XXX-4; pages 151 thru 662. Because of software limitations, she ended with volume XXX-4. Later, Carol was able to develop a work-around and has added volumes XXXI-1 thru XXXVII-4 (pages 663-940). In 2023, vol. 38 & 39 were added.

Please note: All names are included whereas Mrs. D'Autrechy excluded names of new members, speakers, and most authors, etc. Included at the end of the alphabetical index are listings for: businesses, descriptions of maps, HVHS meetings held at:, photographs/sketches, program speakers, program topics, publications, street/road names. Occupations are grouped.
